PITTSBURG — High-speed Internet service from Pixius Communications, LLC., is now available in McCune, Strauss and Montana, Kan., with improved service in Monmouth and West Mineral.

Also, capacity has been increased in Weir. Consumers and businesses in these areas now have a new choice to replace the slower dial-up services and have an alternative to cable, satellite, 3G cellular and DSL services.

Pixius' wireless provides service to more than 5,600 customers in Kansas and Missouri. For more information, persons may call 316-219-8500 or visit www.pixius.com.
